Highworth Camera Club 2023 Year Book

Picture of the Year: Great Spotted Woodpecker by Steve Fowler

Dear Members

"Inform and inspire". When I was elected into the role of chair of the camera club in September 2022, this is the phrase that I adopted as a motto: I wanted everything we do to fulfil one or both of those goals. This book is a reminder of the year 2023 using winning images from our competitions (there simply isn't room to put all the pictures into a single book). I hope you will enjoy looking through this collection and that you will find it inspirational for your photography in the coming year. We've had some fantastic pictures on display over the last 12 months and this book is a wonderful way to celebrate the talent in Highworth Camera Club and remember a year of great photography.

Contents
